**Athens** - your personal Athens username and password will give you access to most electronic journals, databases etc.

### Photocopying

Self-service photocopiers are provided in all libraries. You will need a rechargeable copy card to use the photocopiers. This can be bought for £3.00 from vending machines located in the libraries. There is a refund of £2.00 when the card is returned to Reprographics staff at the end of your studies.

The current photocopying charge is 5p per b/w A4 sheet.

Details of other photocopying services (acetates, colour copies etc.) are available from any library information desk or a member of Reprographics staff.

### Copyright

The Copyright Designs and Patents Act does allow copying of copyright materials under certain circumstances.

The amount of a published work which students may photocopy is generally interpreted as:

- no more than one chapter from a book
- no more than one article from a journal issue
- no more than one single case report from a law report

or

- no more than 5% of a given work, whichever is the greater

Copying must be for the purposes of non-commercial research or private study, which is why, if we make or obtain a photocopy for you, we ask you to sign a copyright declaration that you require the copy for this purpose.
